

# FERDINAND'S

CARIBBEAN CAFÉ

Columbus discovered the Americas when he landed on a small island in the Bahamas in 1492. He made four voyages to the new world and on his final voyage, he and his younger son, Ferdinand, explored the Western Caribbean and the coast of Central America searching for a passage west to Asia. On the voyage, they navigated two of their ships past the Cayman Islands and the scenic shoreline that is now the beachfront home of Ferdinand's. As you enjoy your meal, you can imagine the explorers' ships on the turquoise sea.
